Journey to the Falls—Fall 2016

Educational field trips on the Mississippi River!

What is Journey to the Falls?

Journey to the Falls (JTF) connects 4th-6th grade students with the heritage of Saint Anthony Falls and the Mississippi River through **history, science, engineering and literacy activities**. JTF integrates river and classroom experiences. A riverboat excursion includes hands-on learning stations, journaling and sketching.

Teachers who sign up for Journey to the Falls incorporate river-themed activities into their classroom. Pre- and post-trip activities are selected by each teacher from among many activity options presented in the JTF teacher workshop. JTF is aligned with Minnesota Academic Standards.

Field trip description

Journey to the Falls field trips feature staffed learning stations and activities:

- River Explorers
- River History Detectives (using maps)
- Journaling
- Viewing St Anthony Falls and lock*
- Mill Ruins Archaeology*
- Mills History Hunt*

* land-based experiences

Each trip is designed for up to 65 students (or two classrooms), grades 4-6.

NOTE:

The Minneapolis Queen operates from Bohemian Flats Park. The boat trip explores the river gorge area, and does not include locking through.
